

PROTECT 2016

**11TH INTERNATIONAL EXHIBITION AND CONFERENCE on
“Doing Business Amidst New Threats”**

2-3 March 2016, SMX Convention Center, Metro Manila, Philippines

Today, we live in two worlds – the cyber world and the physical world. Cyber risks are increasing exponentially while threats to our physical infrastructures, business, community, homes and individuals are getting more destructive.

You are invited to Exhibit in a significant gathering of stakeholders against the increasing challenges to security and safety - **PROTECT 2016 International Conference and Exhibition**. The **PROTECT** series, the largest security and safety event in the Philippines will be held on March 2-3, 2016 at the SMX Convention Center, Metro Manila, Philippines.

The Philippines has been regarded to be a haven for crimes committed online. The country continues to suffer from terrorist and criminal attacks. Its geographic location subjects it to increasingly destructive risks from natural disasters.

The present threat landscape calls for government and business to work together against increasing threats to our security. **PROTECT** series is the only government-private sector partnership devoted to security and safety in the country. Organized in 2005 in cooperation with the Anti-Terrorism Council, it consists of an international exhibition and a continuing high level conference series on “*Doing Business Amidst New Threats*”. The occasion brings together some of the best minds in managing physical and virtual risks from the government and private sector. Its exhibition is a showcase of the latest technologies, solutions and services to meet the increasing security challenges.

Supporting Events and Activities for Networking at **PROTECT** provides fantastic opportunity for sponsors, exhibitors, conference delegates, speakers and special guests to network. We invite you to be a

Exhibitor or Sponsor

Please visit the **PROTECT 2016** event website at <http://protect.leverageinternational.com> for discounts offered and more information on PROTECT, including its History and event brochure.

Thank you and we look forward to hear from you, very soon.

Very truly yours,

For the Organizing Committee of PROTECT 2016
